

Benefits

- Enables lighting to be customized
- Adds remote functionality to your Sensio 24V products
- Easy to install and setup

Key Features

- Control CCT (correlated colour temperature) lighting products
- Dimming function
- Dynamic colour sequence modes
- Four zone channels
- 30 Meter range
- Multiple receivers can connect and amplify one another's signal

Product overview

The CCT Receiver is a kitchen essential to unlock advanced lighting control and enrich your lighting scheme.

Easy to use, simply combine the receiver with the Universal Remote Control to instantly give remote functionality to your lights. The combination of receiver and remote gives access to several dynamic features including, colour changing, dimming, on/off and sequence modes.

Using multiple receivers unlocks the Zone feature, enabling each receiver to be assigned to a room or zone. The receivers also feature a memory function and wireless daisy chaining, meaning receivers in the same zone will relay commands to each other, effectively creating limitless range.

Technical Specification

Input Voltage	12-24V
Output Wattage	96 - 192W
Input Signal	2.4GHz
Control Distance	30 Meters
Dimming Range	0-100%
Dimming Grey Scale	4096 (2 ¹²) Levels
Operating Temperature	-30°C ~ + 55°C
Cable Length	150mm

Mechanical Specification

Product Name	Dimensions (mm)	Weight (grams)	IP Rating
CCT Receiver	L 107 x W 33 x H 18	60	IP20
