

VELOS

The Velos Undercabinet Light is a sleek and efficient LED lighting solution designed to deliver high-quality illumination for under-cabinet and task lighting applications.

Installation is quick and discreet thanks to the magnetic mounting plate, allowing the fitting to snap securely into place with no visible screws, maintaining a clean and seamless finish. Operating at 24V, Velos is safe and reliable, and its 4000K natural white color temperature and beam angle of 120° delivers clear, neutral illumination ideal for kitchens, display units, and worktops.

BENEFITS

- LED Technology for long service life.
- Stylish and easy to install.
- Ideal for undercabinet lighting.

KEY FEATURES

- Magnetic mounting plate.
- Slim design.
- No visible screws.
- Slim, elongated design allows for vast spread of light across worktop.
