

ZINNIA

The Zinnia cabinet delivers a sophisticated, illuminated storage solution designed for the modern bathroom.

A single touch control puts all lighting functionality at your fingertips, with dimming and Kelvin-adjustable settings allowing you to move seamlessly between cool, natural and warm white tones. A memory function retains your preferred settings, while the integrated de-mister keeps the mirror clear in humid conditions.

Practicality is built in throughout, with a shaver socket, USB socket and Type C socket housed discreetly within the cabinet, alongside a fully adjustable sliding shelf system to suit your storage needs. Soft close hinges ensure quiet, controlled operation, while a French cleat fixing allows for secure and straightforward mounting.

BENEFITS
• LED technology for long life
• Customisable colour temperature
• Easy to use and install

KEY FEATURES
• Touch Sensor Switch
• Soft-close hinges
• Tempered glass mirror on the front and back of the door
• Shaver socket, USB socket and USB Type-C socket
• IP44 rated for safe use in bathroom environments.
• Dimmable
