

SIERRA BATTERY MIRROR

The Sierra mirror combines effortless functionality with understated style, making it a versatile addition to any bathroom. Powered by three AA batteries, it offers a genuinely convenient, wire-free installation with no need for a mains connection, and is easily mounted using a secure French cleat fixing.

A simple rocker switch allows for quick and easy on/off operation, illuminating the mirror with a soft natural white light for clear, natural-toned reflection. With an IP44 rating, the Sierra is well-suited to bathroom environments, while its low wattage design ensures efficient, long-lasting use. Available in a range of sizes and shapes, the Sierra offers a simple, reliable lighting solution for any space.

BENEFITS	
•	LED technology for long life
•	Battery Operated (3 x A) - No mains required
•	Easy to use and install
